

Silk Rose Petals – Color Key

Most of our samples are stamped with a number for matching the petal to the name. When you find a petal you like, just look up the number on the chart below to find it's color name. All colors highlighted in **red** are available in value packs of 1000 petals.

401-White	421-Lilac	441-Orange	461-Honeydew	481-Eggplant ♥

419-Raspberry	439-Silver	459-Sand	479-Mandarin	499-Denim ●
420-Orchid	440-Slate	460-Mystic	480-Breeze	

Colors may vary slightly from the samples due to different manufacturing dye lots.

Some petals are too dark to stamp, so they have a hole punch in them. The list of those petals is below:

If your petal is...	and the hole punch is...	then the name is:
dark purple	█	Plum
dark purple	★	Concord
dark purple	♥	Eggplant
dark purple	●	Amethyst
dark blue	█	Blue
dark blue	★	Blueberry
dark blue	♥	Navy Blue
dark blue	●	Denim
dark red	♥	Crimson

Some colors do not have a stamp nor a hole punch, but they should be obvious, such as Black, Gold, Silver, and Iridescent. By the way, when you receive your order, the petals are not stamped!
